

ANATOMICAL SCIENCES EDUCATION GRADUATE CERTIFICATE

The Anatomy Learning Institute is offering a fully online Graduate Certificate in Anatomical Sciences Education. This certificate is aimed at learners who are interested in improving their knowledge of the core anatomical sciences: gross anatomy, embryology and neuroanatomy. Learners completing the graduate certificate will earn graduate academic credit that can transfer to other graduate programs or help improve their readiness.

Program Eligibility

- A completed application for admission to the certificate program
- Baccalaureate degree from a regionally accredited institution in a relevant discipline, as evidenced by official transcripts from that institution or significant experience.
- Resume
- Two academic/professional references

Code	Title	Units
<i>Required Courses</i>		
ANA 6000	Clinical Anatomy	3
ANA 6003	Teaching and Learning Anatomy	1
ANA 6009	Applied Neuroanatomy	3
ANA 6020	Human Embryology	3
Total Units		10

Completion Requirements

- Successful completion of all required courses with a minimum of a "B-". Any course in which a student receives a grade lower than a "B-" must be repeated and the units will not be added to the earned units.
- Achievement of a cumulative GPA of 3.000 or higher.
- All requirements for the certificate program must be completed within a three year period from the time of initial enrollment in the program.
