

# GRADUATE AND PROFESSIONAL STUDIES STUDENT HANDBOOK

---

## Introduction

Welcome to the 2022-2023 Graduate and Professional Studies Student Handbook. This handbook is one of three documents intended to guide you through your graduate or adult degree completion program:

- This Graduate and Professional Studies Student Handbook;
- The Graduate and Professional Studies Catalog, published Fall 2022 and Spring 2023; and, for several programs,
- A program handbook. Please contact your program director for a copy of your program handbook.

To navigate through this Handbook, please notice and use the navigation bar to the right which indicates the different sections in the Handbook.

**You are required, as a matter of university policy and as a graduation requirement, to read each of these documents (including the program handbook if available) and abide by their policies and procedures.**
