2 Data Science, B.S.

If you are planning on becoming an Actuary, the Society of Actuaries requires **both** ECO 1001 and ECO 1002. The Society of Actuaries also requires FIN 3035 and FIN 3085. If you complete these two sequences with a B or better, you will receive credit for two of the 10 requirements for becoming an actuary.

Note(s): An elective course may not count as both an upper-division requirement and a required "additional elective."
