

GRADUATE AND PROFESSIONAL STUDIES STUDENT HANDBOOK

Introduction

Welcome to the 2024-2025 Graduate and Professional Studies Student Handbook. This handbook is one of three documents intended to guide you through your graduate or accelerated undergraduate degree program:

- This Graduate and Professional Studies Student Handbook;
- The Accelerated Undergraduate Catalog or Graduate Catalog; and, for several programs,
- A program handbook. Please contact your program director for a copy of your program handbook.

To navigate through this Handbook, please use the navigation bar to the left which indicates the different sections in the Handbook.

You are required, as a matter of university policy and as a graduation requirement, to read each of these documents (including the program handbook if available) and abide by their policies and procedures.
