

# INFORMATION FOR NEW STUDENTS

---

If you are new to PLNU, there are many things you want and need to know as you begin: Who are my academic advisor and my student success counselor? How do I register? How do I pay my bill? What student services are available to me?

To get answers to critical "new student" questions, please visit the GPS Student Services Hub in myPLNU for all student resources. This one-stop platform can be accessed throughout your program via an app on your phone or online anytime. myPLNU is a central hub that represents your digital campus experience, providing a single interface for the most relevant and personalized information, university resources, and engagement opportunities. It also links to Canvas for easy access to your courses and to Workday for class registration, Student Financial Services, and much more.

Click the link for your program type below:
