

TRADITIONAL UNDERGRADUATE STUDENT HANDBOOK

Introduction

Welcome to the 2024-2025 Traditional Undergraduate Student Handbook. This handbook is one of three documents intended to guide you through your traditional undergraduate degree program:

- This Traditional Undergraduate Student Handbook;
- The Traditional Undergraduate Catalog; and, for some programs,
- A program handbook. Please contact your academic department/school for a copy of your program handbook.

To navigate through this Handbook, please use the navigation bar to the left which indicates the different sections in the Handbook. **You are required, as a matter of university policy and as a graduation requirement, to read each of these documents (including the program handbook if available) and abide by their policies and procedures.**
