

PUBLIC POLICY MINOR

A minor in Public Policy, consisting of 18-20 units, is available for those who desire to learn some of the skills and content that will enhance their ability to understand public policy and engage with policy advocacy and change.

Program Learning Outcomes

1. Students will understand key concepts of public policy and the public policy process.
2. Students will demonstrate basic competence with critical tools of policy analysis.
3. Students will acquire deeper familiarity with real-world policy questions and issues of applied public policy, advocacy, and change.
